

NORDIC ECO-LABELLING PORTAL

The following table is representing all Paroc’s pipe section products listed at the Nordic Eco-label portal, a portal in which products that can be used in Nordic Swan Eco-labelled projects are listed.

The listed products are automatically approved to be included in any Nordic Swan Eco-labelled building projects. The use of such listed products can currently be used in any Nordic Swan Eco-labelled houses, apartment buildings and buildings for kindergartens and schools.
